## PART IV A

**Bills introduced in the Bengal Legislative Assembly; Reports of Select Committees presented or to be presented to that Assembly; and Bills published before introduction in that Assembly.**

### GOVERNMENT OF BENGAL.

#### Legislative Department.

#### NOTIFICATION.

No 1671L.—13th February 1942.—The Governor having been pleased to order, under rule 47 of the Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

**THE CALCUTTA AND SUBURBAN POLICE (AMENDMENT)  
BILL, 1942.**

**A  
BILL**

*further to amend the Calcutta Police Act, 1866, and  
the Calcutta Suburban Police Act, 1866.*

WHEREAS it is expedient further to amend the Calcutta Police Act, 1866, and the Calcutta Suburban Police Act, 1866, for the purpose and in the manner hereinafter appearing;

Ben. Act  
IV of 1866,  
Ben. Act  
II of 1866.

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Calcutta and Suburban Police (Amendment) Act, 1942.

Insertion of  
new section 61A  
in Bengal Act  
IV of 1866.

2. After section 61 of the Calcutta Police Act, 1866, the following section shall be inserted, namely :—

“61A. (1) With the previous sanction of the Provincial Government, the Commissioner of Police may, from time to time, prescribe the types of vehicles which shall not be driven or used in streets or public places.  
Power of Commissioner to prohibit the use of the driving of certain types of vehicles in streets or public places.

(2) Whoever uses or drives in a street or public place a vehicle of a type the use or driving of which has been prohibited under sub-section (1) shall be liable to fine which may extend to five hundred rupees, and the vehicle in respect of which the offence has been committed shall be forfeited to the Crown.”

Insertion of  
new section 38A  
in Bengal Act  
II of 1866.

3. After section 38 of the Calcutta Suburban Police Act, 1866, the following section shall be inserted, namely :—

“38A. (1) With the previous sanction of the Provincial Government, the Commissioner of Police may, from time to time, prescribe the types of vehicles which shall not be driven or used in streets or public places.  
Power of Commissioner to prohibit the use or the driving of certain types of vehicles in streets or public places.

(2) Whoever uses or drives in a street or public place a vehicle of a type the use or driving of which has been prohibited under sub-section (1) shall be liable to fine which may extend to five hundred rupees, and the vehicle in respect of which the offence has been committed shall be forfeited to the Crown.”

**STATEMENT OF OBJECTS AND REASONS.**

The expediency of prohibiting the use of cycle-rickshaws in Calcutta, where they constitute a serious danger in the crowded streets and would be more dangerous in conditions of black-out at night-time, has revealed a lacuna in the Calcutta Police Act, 1866 (Bengal Act IV of 1866) and the Calcutta Suburban Police Act, 1866 (Bengal Act II of 1866). Each of these Acts contains provisions for regulating but no provision for prohibiting the use of any particular type of vehicle. The present Bill aims at making this necessary provision.

Orders and Notifications by the Governor of Bengal, the High Court,  
Government Treasury, etc.

**GOVERNMENT OF BENGAL**  
**JUDICIAL AND LEGISLATIVE**  
**DEPARTMENTS.**

**Judicial.**

**NOTIFICATIONS.**

No. 779J.—20th February 1942.—In exercise of the powers conferred by clause (bb) of sub-rule (2) of rule 81 of the Defence of India Rules, the Governor is pleased to make the following Order, namely:—

1. (1) This Order may be called "The Bengal House Rent Control Order, 1942".

(2) It extends to the whole of Bengal.

(3) It shall come into force in such areas on such dates as the Provincial Government may, by notification in the *Official Gazette*, direct.

2. In this Order, unless there is anything repugnant in the subject or context,—

(1) "Controller" means an Officer appointed as such by the Provincial Government for an area to which this Order applies;

(2) "house" means a building or part of a building suitable for occupation as a residence, and includes—

(a) the garden, grounds and out-houses (i. any) appurtenant to such building or part of a building; and

(b) any furniture supplied by the landlord for use in such building or part of a building; and

(3) "landlord" includes any person who is receiving or is entitled to receive the rent of a house whether on his own account or on behalf of himself and others or as an agent or trustee, or who would so receive the rent or be entitled to receive the rent if the house were let to a tenant;

(4) "prescribed date" means the date prescribed by the Provincial Government by notification in the *Official Gazette* for any area to which this Order applies.

3. No landlord, with effect from the prescribed date, shall be deemed to have been entitled to charge or shall charge a rate of rent which exceeds by more than twenty per cent. the rent that was being paid on that date or, in respect of any house which was

not let out on that date, a rate of rent which exceeds by more than twenty per cent. the rent which would in the opinion of the Controller have been paid on that date if the house had been let out.

4. No landlord with effect from the prescribed date, shall be deemed to have been entitled to charge or shall charge a salami or premium for letting out a house on rent or for renewing the lease of a house.

5. No refund shall be allowed if any amount in excess of the amount chargeable under paragraph 3 or any amount referred to in paragraph 4 has been paid before the commencement of this Order.

6. A landlord who wishes to let a house which was not let out on the prescribed date or a person to whom such a house has been let out after the prescribed date may apply to the Controller for fixing the rent of the house.

7. In fixing the rent under paragraph 6 the Controller shall have due regard in areas other than municipal areas to the prevailing rates of rent for the same or similar accommodation in similar circumstances during the twelve months prior to the prescribed date and in municipal areas to the rental value as entered in the assessment book or assessment list relating to that period of the Corporation of Calcutta or the local municipality, as the case may be, and shall have, in the case of a house which has been constructed after that date, due regard also to a general increase in cost of sites and building construction.

8. When the Controller has determined the rent of a house—

(a) the landlord shall not charge any rent which exceeds by more than twenty per cent. the rent so determined;

(b) any agreement for the payment of any rent which exceeds by more than twenty per cent. the rent so determined shall be null and void in respect of such excess and shall be construed as if it was an agreement for payment of the said determined rent with the addition of twenty per cent. on such rent.

9. (1) In the case where some addition, improvement or alteration, not included in necessary repairs or repairs which are usually made to houses in the local area to which this Order applies, has been carried out in any house at the landlord's expense after the prescribed date, an additional increase in rent in respect of such house shall be permissible.

(2) Any increase in rent referred to in sub-paragraph (1) of this paragraph shall not exceed annually ten per cent. on the cost of such addition, improvement or alteration and shall not be chargeable until such addition, improvement or alteration has been completed.

(3) Any dispute between the landlord and the tenant in regard to any increase of rent claimed under this paragraph shall be decided by the Controller.

10. (1) If a tenant in possession wishes to extend the period of tenancy by not less than six and not more than twelve months he may give the landlord, not less than one month before the expiry of the tenancy, a written notice of his intention; and upon the delivery of such notice the tenancy shall, save as hereinafter provided, be deemed to have been extended for the period specified in the notice.

(2) Where the landlord to whom a notice has been given under sub-paragraph (1) wishes to object to the extension demanded by the tenant, he may within fifteen days of the delivery to him of such notice apply to the Controller in that behalf; and if the Controller is satisfied—

(a) that the house is reasonably and in good faith required by the landlord for the occupation of himself or any member of his family or for the occupation of any person for whose benefit the house is held by him, or

(b) that the landlord has prior to the prescribed date entered into an agreement to lease the house to another person immediately after the termination of the existing lease, or

(c) that the tenant has not been performing any of the conditions of the tenancy, or

(d) that the landlord has any other good and sufficient reason for determining the tenancy on the expiry of the originally agreed period, the Controller shall pass an order disallowing the extension demanded by the tenant.

(3) When an order under sub-paragraph (2) has been made by the Controller on the ground that the house is required by the landlord for the occupation of himself or any member of his family or for the occupation of any person or persons for whose benefit the house is held by him, or on the ground that the landlord has prior to the prescribed date entered into an agreement to lease the house to another person immediately after the termination of the existing lease, and the house is not occupied by the aforesaid person or persons within fifteen days of the date of vacation of the house by the original tenant, or having been so occupied is re-let within two months of the said date to any person other than the original tenant, the Controller may, on the application of the original tenant made within three months of his vacating the house, cancel the previous order made under sub-paragraph (2) and direct the landlord to put the original tenant in possession of the house and to pay him such compensation as may be fixed by the Controller.

11. For the purposes of an enquiry under this Order, the Controller may—

(a) require the landlord to produce any book of account, document or other information relating to the house,

(b) enter and inspect the house, and

(c) authorise any officer subordinate to him to enter and inspect the house.

12. (1) Any person aggrieved by an order of the Controller may, within fifteen days from the date on which the order is communicated to him, in respect of houses in the presidency town of Calcutta present an appeal in writing to the Chief Judge of the Court of Small Causes of Calcutta and, in respect of houses elsewhere, to the District Judge of the district.

(2) The Chief Judge or the District Judge, as the case may be, shall then send for the record of the case from the Controller and, after perusing such record and after making such further enquiry as he thinks fit, shall decide the appeal.

(3) The decision of the Chief Judge or the District Judge, as the case may be, and subject only to such decision, an order of the Controller, shall be final.

No. 780J.—20th February 1942.—In exercise of the powers conferred by clause (bb), sub-rule (2) of rule 81 of the Defence of India Rules the Governor is pleased to make the following Order:—

1. (1) This Order may be called "The Bengal Hotels and Lodging Houses Control Order, 1942."

(2) It extends to the whole of Bengal.

(3) It shall come into force in such areas on such dates as the Provincial Government may, by notification in the *Official Gazette*, direct.

2. In this Order, unless there is anything repugnant in the subject or context—

(1) "Controller" means an officer appointed as such by the Provincial Government for an area to which this Order applies;

(2) "manager of an hotel" includes any person in charge of the management of an hotel;

(3) "owner of a lodging house" includes the person who is receiving or is entitled to receive whether on his own account or on behalf of himself and others or as an agent or trustee, payment from a lodger on account of board, lodging or any other service.

3. (1) When on a written complaint or otherwise, the Controller has reason to believe that the charges made for board, lodging or any other service provided in any hotel or lodging house within the local limits to which this Order applies are excessive, he shall hold a summary enquiry and record a finding.

(2) For the purposes of an enquiry under sub-paragraph (1), the Controller may require the manager of an hotel or the owner of a

lodging house to produce before the Controller any book of account, document, or other information relating to the hotel or lodging house concerned which he may consider necessary, and may authorise any person subordinate to him to enter upon any premises to which the enquiry relates.

4. If, on a consideration of all the circumstances of the case, including any amount paid or to be paid by any lodger in the hotel or lodging house by way of premium or any other like sum in addition to the charges, the Controller finds that the charges are excessive, he shall determine the fair rate to be charged for board, lodging and any other service provided in the hotel or lodging house.

5. In fixing the fair rate under paragraph 4, the Controller shall have due regard to the prevailing rates of charges for the same or similar accommodation, board and service during the twelve months prior to the 1st December 1941, and to any general increase in the cost of living after that date.

6. When the Controller has determined the fair rate of charges—

(a) the manager of the hotel, or owner of the lodging house, as the case may be, shall not charge any amount in excess of such fair rate;

(b) any agreement for the payment of any charges in excess of such fair rate shall be null and void in respect of such excess and shall be construed as if it was an agreement for payment of the said fair rate.

7. (1) Any person aggrieved by an order of the Controller may, within fifteen days from the date on which the order is communicated to him, in respect of hotels or lodging houses situated within the presidency town of Calcutta present an appeal in writing to the Chief Judge of the Court of Small Causes of Calcutta and, in respect of hotels or lodging houses situated elsewhere, to the District Judge of the district.

(2) The Chief Judge or the District Judge, as the case may be, shall thereupon send for the record of the case from the Controller, and after perusing such record and after making such further enquiry as he thinks fit, shall decide the appeal.

(3) The decision of the Chief Judge or the District Judge, as the case may be, and subject only to such decision, an order of the Controller shall be final.

New Delhi, the 7th February 1942.

No. 46-M.I. (9)/41.—In exercise of the  
powers conferred by rule 62 of the Defence of  
India Rules, the Central Government is  
pleased to make the following Order,  
namely:—

1. This Order may be called the Indian  
Merchant Shipping (Fire Appliances) Order,  
1942.

2. (1) In this Order, unless the context  
otherwise requires,—

- (i) "steamship" includes any ship propell-  
ed by mechanical power other than a  
motor ship;
- (ii) "motor ship" means a ship propelled  
by internal combustion engines;
- (iii) "approved" means approved by the  
Central Government;
- (iv) "foreign-going ship" and "home-  
trade ship" have the same meanings  
as in the Indian Merchant Shipping  
Act, 1923 (XXI of 1923).

(2) For the purposes of this Order, ships  
which are not included in any of the two  
classes of ships specified in rule 3 of the  
Indian Merchant Shipping (Fire Appliances)  
Rules, 1934 and which are not fishing boats,  
shall be arranged in the following additional  
classes:—

## Class C.

(1) Foreign-going steamships and foreign-  
going motor-ships.

(2) Home-trade steamships and home-trade  
motor-ships of 1,000 tons gross tonnage and  
upwards, not being ships of Class E.

## Class D.

Home-trade steamships and home-trade  
motor-ships (including auxiliary motor-ships)  
of less than 1,000 tons gross tonnage, not being  
ships of Class E.

## Class E.

Ships designed, equipped or used for special  
services which, in the opinion of the Central  
Government require exceptional provision of  
fire appliances.

3. No ship of class C, class D or class E, registered in British India, shall proceed to sea unless it complies with the requirements of this Order applicable to it.

#### Fire extinguishing appliances.

##### Ships of Class C.

4. Every foreign-going ship of Class C of 2,000 tons gross tonnage and upwards shall be provided with apparatus whereby smothering gas sufficient to give a minimum volume of free gas equal to 30 per cent. of the gross volume of the largest hold in the ship can be promptly conveyed by a permanent piping system into any compartment in which cargo may be carried, provided that in steamships and in motor-ships which have available a boiler or boilers having an evaporation of not less than 1 lb. of steam per hour for each 12 cubic feet of the gross volume of the largest hold in the ship, steam may be provided as an alternative to gas.

5. Every ship of Class C shall be provided with:—

(1) Apparatus whereby at least two powerful jets of water can be rapidly and simultaneously directed into any part of the ship, except in ships of less than 2,000 tons gross tonnage in which apparatus for only one powerful jet of water need be provided. Such apparatus shall include two power pumps, each capable of providing a full supply of water to the fire hoses and two fire hoses, each complete with couplings and conductor except in ships of less than 2,000 tons gross tonnage in which one fire hose complete with coupling and conductor only need be supplied; a spare 30 feet length of fire hose; an additional conductor fitting for each hose for spraying water to deal with incendiary bombs.

(2) A portable emergency power pump of an approved type with the necessary fittings; in ships of more than 4,000 tons gross tonnage at least two such pumps and the necessary fittings.

(3) Sufficient portable fluid fire extinguishers to ensure that at least one is available for immediate use in each space occupied by passengers, officers or crew and in any case a minimum of three such extinguishers.

- (ii) Three fluid fire extinguishers to be readily accessible for use in spaces occupied by passengers, officers or crew.
- (iii) Equipment for dealing with incendiary bombs consisting of at least two stirrup hand pumps and four buckets distributed at forward and after positions above the main deck, a metal container filled with sand, a long-handled scoop and a hoe.
- (iv) A safety lamp and a fireman's hatchet.

(2) In addition to the foregoing provision every motor-ship and every steamship in which oil only is used for main or auxiliary boilers and every ship in which oil and coal is used simultaneously as fuel for boilers shall comply with the appropriate requirements of paragraph 6, 7 or 8.

10. Every steamship of Class D of 150 tons gross tonnage and upwards but of less than 500 tons gross tonnage, shall be provided with:—

(1) Apparatus including one power pump, with fire hose, complete with couplings and conductor, whereby a powerful jet of water can be directed into any part of the ship.

(2) Four fire buckets and a fireman's hatchet.

(3) Equipment for dealing with incendiary bombs consisting of at least two stirrup hand pumps and four buckets distributed at forward and after positions above the main deck, a metal container filled with sand, a long-handled scoop and a hoe.

11. Every steamship of Class D of less than 150 tons gross tonnage shall be provided with:—

(1) Apparatus including one power pump with hose whereby a powerful jet of water can be directed into any part of the ship.

(2) Three fire buckets and a fireman's hatchet.

12. Every motor-ship of Class D of 150 tons gross tonnage and upwards, but of less than 500 tons gross tonnage shall be provided with:—

(1) Apparatus including one fixed pump which need not be a power pump, with fire hose, complete with couplings and conductor, whereby a sufficient jet of water can be directed into any part of the ship.

(2) Four fire buckets and a fireman's hatchet.

(3) Two approved portable fire extinguishers suitable for extinguishing oil fires.

(4) A suitable quantity of sand, sawdust impregnated with soda or other approved dry material and a scoop, placed in a readily accessible position in the engine room.

(5) Equipment for dealing with incendiary bombs consisting of at least two stirrup hand pumps and four buckets distributed at forward and after positions above the main deck, a metal container filled with sand, a long-handled scoop and a hoe.

13. Every motor-ship of Class D of less than 150 tons gross tonnage shall be provided with:—

(1) Apparatus whereby a sufficient jet of water can be directed into any part of the ship.

(2) One pump which need not be a power pump, with hose, or two fire buckets with lanyards.

(3) Two fire buckets and a fireman's hatchet.

(4) Two approved portable fire extinguishers suitable for oil fires.

(5) A suitable quantity of sand, sawdust impregnated with soda or other approved dry material and a scoop placed in a readily accessible position in the engine room.

#### Ships of Class E.

14. The owner or other person responsible for the management of every ship of Class E shall submit to the Central Government or any other person acting on its behalf a scheme for the provision of fire extinguishing appliances to be carried in the ship and the method of their employment together with plans of the ship, and shall thereafter provide and employ in that ship fire extinguishing appliances in accordance with the approved scheme.

#### General.

Paragraphs 15 to 24 shall apply generally in relation to the provision and employment of the fire extinguishing appliances required, in pursuance of this Order, to be carried in a ship of any class.

#### 15. Ready availability of apparatus.

All fire extinguishing apparatus and appliances shall be in working order and ready for immediate use when the ship leaves port and at all times during every voyage. Where pumps are electrically operated, the necessary power shall always be available.

### 16. *Pumps.*

(1) Fire pumps shall be ready for immediate use at all times when the vessel is in service or about to be put into service.

(2) Power pumps shall be independent of the main engines and each shall be capable of delivering the requisite number of jets of water in any part of the ship. Each power fire pump shall be provided with an effective escape valve suitably placed to prevent excessive pressure in any part of the fire main system.

### 17. *Water service pipes.*

(1) Water service pipes shall be made of wrought material and if of iron or steel shall be galvanised.

(2) The diameter of such pipes shall be sufficient to enable adequate water to be supplied to the fire hose, or to both fire hoses when two are required to be provided for simultaneous operation.

(3) The pipes and hydrants shall be so placed that the fire hoses may be easily coupled to them. In vessels where deck cargo may be carried the positions of the hydrants shall be such that they are always readily accessible, and the pipes shall be arranged as far as practicable to avoid risk of damage by such cargo.

(4) Cocks or valves shall be fitted in such positions on the pipes that any of the fire hoses may be removed while the fire pumps are at work.

### 18. *Fire hoses.*

(1) Fire hoses shall be of leather, seamless hemp, flax canvas of first-class quality or other approved material and sufficient in length to project a jet of water to any of the spaces in which they may be required to be used. They shall be provided, where necessary, with suitable metal unions and goose-neck connections.

(2) Hoses specified in this Order as "fire hose complete with couplings and conductor", coupling wrenches and goose-neck connections, shall be kept ready for use in conspicuous positions near the water service-hydrants or connections. Such fire hoses shall be used only for the purpose of extinguishing fires or testing the fire extinguishing apparatus at fire drills and surveys. Where hoses are not specified as "fire hose" they shall always be available, but may be used also for other purposes.

### 19. *Fire buckets.*

Where fire buckets are specified they shall be of about 2 gallons capacity and shall be reserved for the purpose of fire extinguishing. Such buckets shall be painted red and marked "FIRE" and be kept ready for use in readily accessible positions. At least half the number of fire buckets required to be provided shall be fitted with lanyards.

### 20. *Portable Fire Extinguishers.*

(1) Portable fire extinguishers, except when of approved types supplied as an alternative to extinguishers discharging froth for use on oil fires as required by clause (3) of paragraph 6 shall be of an approved fluid type. The capacity of the extinguishers shall be not more than three imperial gallons and shall be not less than two gallons.

(2) The portable fire extinguishers provided (other than those supplied in boiler rooms, etc., specially for use in connection with oil fuel fires) shall not be of more than two types.

(3) A spare charge shall be provided for each portable fire extinguisher.

(4) After use of types of extinguishers in which the extinguishing medium is carbon tetrachloride, methyl bromide or other toxic medium, all spaces in which such mediums have been employed shall be sufficiently ventilated before being entered. Extinguishers in which the medium is stored under pressure shall not be provided for use in spaces occupied by passengers or crew.

(5) Fire extinguishers shall be tested at intervals not exceeding four years. Fluid extinguishers under inspection shall be emptied of their contents and examined, and a trial of one shall be made. Fluid extinguishers discharging froth shall be kept in as cool a place as possible.

(6) Fire extinguishers shall where possible be stowed near the entrance to the space in which they are intended to be used. In small motor-ships one of the extinguishers required shall where possible be stowed near the entrance to the motor space.

### 21. *Smothering Gas or Steam for Cargo Spaces and Boiler Rooms.*

(1) Where provision is made for the injection of gas or steam into the cargo spaces or boiler rooms for fire extinguishing purposes, the necessary pipes for conveying the gas or steam shall be provided with controlling valves or cocks which shall be readily accessible from the deck in any circumstances and so marked as to indicate clearly the compartments to which the pipes are respectively led.

Suitable provision shall be made for locking these valves or cocks so as to prevent inadvertent admission of the gas or steam to any compartment. If any pipe is led to a space to which passengers may have access, it shall be furnished with an additional stop valve or cock also capable of being locked.

(2) Piping shall be arranged so as to provide effective distribution of the smothering gas or steam and in large holds where steam is used there shall be two pipes, one at the forward part and one at the after part, led well down in the space.

In tankers the arrangements for steaming out cargo tanks shall provide for steam being distributed over the surface of the contents of the tanks.

(3) When carbon dioxide is supplied as the extinguishing medium in holds the quantity of gas available shall be sufficient to give a minimum volume of free gas equal to 30 per cent. of the gross volume of the largest hold in the ship.

When carbon dioxide is supplied as an extinguishing medium for boiler rooms the weight of gas carried shall be sufficient to give a gas saturation of 25 per cent. of the gross volume of the largest boiler room measured to the top of the boilers.

(4) When steam is the extinguishing medium in holds, the boiler or boilers available for supplying steam shall have an evaporation of 1 lb. of steam per hour for each 12 cubic feet of the cubic capacity of the largest cargo compartment in the ship.

(5) Means shall be provided for closing all doorways, ventilators and other opening to spaces in which smothering gas or steam can be used as a fire extinguishing medium.

## 22. *Breathing apparatus, Smoke Helmets and Safety Lamps.*

(1) A breathing apparatus or smoke helmet shall be of an approved type and shall be equipped with a life and signalling line at least 10 feet longer than the total length of air hose required under clause (2). The life line shall be efficiently attached to a strong leather or canvas harness to be worn by the wearer of the helmet when the latter is in use and shall be made of hemp-covered wire rope of about 1½ inches circumference. The wire incorporated in the rope shall have a breaking strength of approximately one ton and shall be either galvanised steel or copper.

(2) Where smoke helmets or masks fitted for air hoses are provided the length of air hose supplied shall be sufficient to enable the wearer to go into any part of the holds or machinery spaces from a position on the open deck well clear of hatch or doorway, so as to avoid smoke being supplied to the wearer.

(3) The safety lamp provided shall be of a type approved by the Central Government for use in mines and shall have a minimum burning period of three hours. Where any ship, being a tanker (that is to say, a ship constructed for the carriage of liquid cargoes in bulk) is required by this Order to carry a safety lamp, such lamp shall be of the electric battery type.

23. *Alternative Appliances.*—Where any special appliance, apparatus, extinguishing medium or arrangement is referred to in this Order, the Central Government may approve any alternative apparatus, appliance, medium or arrangement if it is satisfied that it is not less effective than that prescribed in this Order.

24. *Fire Drill.*—A fire drill for exercising the crew in the use of the fire extinguishing appliances shall be held at least once a week while the ship is in service, and one such drill shall be held before the ship leaves her port of departure or before reaching the open sea on proceeding from such port. The Master may dispense with the weekly drill while the ship is in convoy, and with the drill before the ship leaves her port of departure or before reaching the open sea on proceeding from such port, if in either case he is reasonably satisfied that the whole crew has received by means of previous drills held in that ship proper training in the use of the fire appliances.

At each fire drill, a responsible officer shall examine all fire appliances to ensure that they are in good working order and readily available for use.

A record shall be entered in the ship's official log book of each drill and inspection.

25. *Removal of inflammable material.*—Readily inflammable material, not being cargo, essential ships' stores or equipment shall, where reasonably possible, be removed from all ships.

26. *Exemptions.*—The Central Government or any authority empowered by it in this behalf may, subject to such conditions as it thinks fit to impose, exempt any ship, for the period of any voyage or voyages, from compliance with any requirement of this Order, if it is satisfied that the requirement is either impracticable or unreasonable having regard to all the circumstances of the case.

### GOVERNMENT OF BENGAL.

#### Legislative Department.

#### NOTIFICATION.

No. 215L.—24th February 1942.—The Governor having been pleased to order, under rule 47 of the Bengal Legislative Assembly Procedure Rules, the publication of the following Bill, together with the Statement of Objects and Reasons which accompanies it, in the *Calcutta Gazette*, the Bill and the Statement of Objects and Reasons are accordingly hereby published for general information.

**THE BENGAL AGRICULTURAL DEBTORS (SECOND  
AMENDMENT) BILL, 1942.**

**A**

**BILL**

*further to amend the Bengal Agricultural Debtors Act, 1935.*

WHEREAS it is expedient further to amend the Bengal Agricultural Debtors Act, 1935, for the purpose and in the manner hereinafter appearing ; Bengal Act VII of 1936.

It is hereby enacted as follows :—

Short title and  
commencement.

1. (1) This Act may be called the Bengal Agricultural Debtors (Second Amendment) Act, 1942.

(2) It shall come into force on such date as the Provincial Government may, by notification in the *Official Gazette*, appoint.

Amendment of  
section 8 of  
Bengal Act  
VII of 1936.

2. In sub-section (1) of section 8 of the Bengal Agricultural Debtors Act, 1935, for the words "five years" the words "seven years" shall be substituted.

**STATEMENT OF OBJECTS AND REASONS.**

The Bengal Agricultural Debtors Act, 1935, provides that an application for settlement of debt will not be received by the Debt Settlement Board after the expiry of five years from the date of establishment of the first Board in the local area in which the applicant resides. In many of the areas the period of five years from the establishment of first Board has practically expired, but it has not been found possible to conciliate all the debts there. It has, therefore, been found necessary to extend the period of five years by two years more. The object of the Bill, therefore, is to extend the period of five years during which an application can be filed before a Debt Settlement Board, to seven years.

# DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 13th February 1942.

## Monthly Weather and Crop Report of Bengal for December 1941.

I. *Character of the season.*—The rainfall during the month was generally in defect of the normal.

II. *Progress of agricultural operations.*—Sowings of spring crops were almost finished. Harvesting of winter paddy was progressing under favourable condition.

III. *State of standing crops.*—The state of standing crops was favourable.

IV. *Prospects and probable outturn.*—The prospects of the standing crops were reported to be favourable. The average outturn of the winter rice based on the estimates of the District Officers worked out at 87 per cent. of the normal against 63 per cent. of the previous year; but I should expect almost a normal harvest this year.

V. *Damage to standing crops.*—Insect pests made some damage to sugarcane in parts of the Dinajpur district.

VI. *Condition of agricultural stock.*—The condition of livestock was good. Stray cases of cattle-disease were, however, reported from eleven districts and from the Cooch Behar and Tripura States.

VII. *Failure of pasturage and fodder.*—Insufficiency of fodder was reported from parts of the 24-Parganas.

VIII. *Prices of food grains.*—During the second fortnight of the month, the retail prices of common rice of the cheapest quality fell in eleven districts, rose in six and remained stationary in the rest of the Province. The prices ranged from 5½ seers per rupee in Darjeeling and Mymensingh to 10 seers per rupee in Chittagong Hill Tracts.

IX. *Condition of agricultural population.*—The condition of agricultural population was, on the whole, fair, except in the distressed areas of the Hooghly, Mymensingh and Tippera districts, where relief measures were in operation.

Director of Agriculture, Bengal.

Dacca, the 13th February 1942.

**Third and Final Forecast of the Winter Rice  
Crop of Bengal, 1941-42.**

(*Note.*—On an average of the five years ending 1939-40, the area under winter rice in Bengal has represented some 20·8 per cent. of the total area under winter rice in India.)

*Character of the season.*—Since the issue of the second forecast in December last, the weather has been favourable for harvesting the crop.

*Acreage.*—According to District Officers' estimates the total area under winter rice is 16,914,100 acres as compared with 14,916,700 acres of last year.

*Outturn.*—From the summary of the district returns appended it will be seen that two districts report a bumper crop, ten districts a normal crop of 100 per cent., thirteen districts a crop varying from 83 to 97 per cent. and the rest 75 per cent. of the normal. According to the above estimates the provincial outturn works out to 96 per cent. of the normal as against 63 per cent. of the last year. In my opinion a normal outturn will be reaped for the Province as a whole this year.

Accepting 96 per cent. as the provincial outturn as worked out from the district returns, the gross yield of the crop, on the basis of a normal yield of 12½ maunds of cleaned rice (husked) per acre, is estimated at 7,456,000 tons this year as against 4,815,200 tons in last year. I should however expect 7,766,000 tons of rice this year against the aforesaid estimate of 7,456,000 tons.

M. CARBERRY,

*Director of Agriculture, Bengal.*

The elder is seen to be deeply moved by the sufferings and difficulties of the poor and to have great ideas of bringing about an economic revolution through proletarian agitation. He is therefore dogged by the police. In his need of money for his association, he is seen to make no scruples in asking a girl member of his association, to earn money for his cause by any means even to the extent of selling her body; and considers himself justified in his action, in view of his high ideal. His younger brother appreciates his elder's ideal but owing to his inherent weakness and care-loving nature, fights shy of it, and is, in contrast to his brother, found to be content to live on the earnings of a girl who has been forced to adopt the life of shame by sheer penury. Towards the *finis* the elder brother is seen to reject his brother's request of giving up his dangerous ideal, by saying that there is unfortunately no place for people like him in this degraded and down-trodden earth.] Pages 196.
